MAN3025 - Management of Organizations  
Dr. Linda Putchinski, Retired  
College of Business Administration, Management  
University of Central Florida

Strategies

- Create tension so students came to class prepared
- Classroom discussion focus on expansion of concepts and examples
- Discussion of weekly quiz questions encourage deeper understanding of course content

Online

Content
- Weekly reading assignments
- Chapter outlines identify key concepts and bolded items
- Bolded items are general concepts easily found in other resources
- Student responsible for knowing bolded items and being prepared to answer questions in class

Weekly discussion topics
- Receive grade for 10 out of 12 discussions
- Multiple topics each week allow student choice

Weekly quizzes
- Tests reading comprehension
- Cognitive level - 80% recall, 20% application
- Encourage students to discuss quiz questions and defend answers

Tests/Exams
- Three tests/exams
- Cognitive Level - 20% recall, 80% application

Classroom

Discussion
- Brief review of chapter
- Cover difficulty concepts
- Expand on topics
- Explore examples

Participation points
- Call on students to answer questions from bolded items on chapter outline
- Negative participation points for missing questions
